

Computers by Appointment

NORTON PUBLIC LIBRARY

FAQs

How does it work? Contact the library by phone at 508-622-5255 to make an appointment to use a library computer.

Why do I need to make an appointment? We have a limited number of computers available so we can ensure physical distancing and stay under our occupancy limit.

How long can I use the computer? Computer sessions will be limited to one 30 minute session per week to allow more people to access limited computer appointments.

Can I print or copy? You can print from the library computers and use the copy machine during your appointment.

What guidelines do I need to follow?

- Face coverings that completely cover your nose and mouth are required for the duration of your visit.
- Do not visit if you currently have or recently had a fever, cough, shortness of breath, are feeling unwell, have had close contact with an individual diagnosed with COVID-19, or have been outside the country or visited any states that are not designated as a lower COVID-19 risk within the past 14 days.
- Practice physical distancing (6 feet) inside and outside the library.
- Follow the instructions of the library staff regarding wait times to enter the building, new safety policies, and using equipment safely.
- Use library-supplied hand sanitizer before entering the building, and before and after touching materials and surfaces.
- Keyboard and mouse covers will be provided and required for your safety.

Will staff be available to help me? The library staff will assist you as best as they can while maintaining a 6 foot distance.
